## Vision and Values

### What do we want to do?

Believe, embody and convey the good news of Jesus to the city of Ottawa.

### What do we hope happens?

That the people and neighbourhoods of Ottawa are renewed spiritually, culturally and socially.

### How do go about doing this?

**Gospel** - the good news about Jesus, his life, death and resurrection changes everything. It gives strength, motivation and encouragement to love God and our neighbours well. It is the way into the Christian life and the way forward for the Christian.

**Mission** - the good news of Jesus is meant to be shared. We intend to create a safe place for people to explore faith, ask their questions and doubt their doubts. But we also enter the world as ambassadors for Jesus, making him known in our words and deeds.

**Discipleship** - Those who are followers of Jesus are supposed to become like him in every way. We, as Christians are steadily being reconstructed and renovated into his likeness and we take seriously the call to make disciples in our programs, services and classes.

**Neighbour** - We intend to be a church that loves all people in general but to love our neighbourhood (Hintonburg!) in particular. We want to be rooted, to become part of the fabric of life and rhythm of this neighbourhood.
